

1. BAFPAA Officers are reviewing the BAFPAA MOU and Rules of Governance for minor changes to clarify meetings and membership. The Zone 7 attorney will review potential changes before it is sent around to other agencies.
2. Jeff Tang of Zone 7 Presentation on Arroyo Mocho Stanley Reach Stabilization Project. This was a large project for Zone 7. The agency learned that with droughts, original plantings didn't survive and that more monitoring (and/or water) is needed in the future. [The powerpoint can be accessed from the BAFPAA Website.](#)
3. The Environmental Permitting Committee met last week. The next meeting will be January 11th. Topics to be discussed include the Zone 7 Geotechnical Fabric Decision Tree and San Mateo County/San Mateo RCD permitting. If you would like to join the committee, contact Jennifer. Next Spring, the committee hopes to begin site visits to see projects around the Bay.
4. The CHARG steering committee met last week. The work on focusing the group/priorities continues.
5. On smart permitting, good stewardship, Tami Church recommends: <https://www.ppic.org/publication/policy-brief-advancing-ecosystem-restoration-with-smarter-permitting/>
6. Tess Byler would like an update on the infrastructure bill. Perhaps someone can report at our next meeting.
7. Next Meeting December 14th, 1:30

In Attendance:

Santa Cruz: Mark Strudley, Antonella Gentile

Zone 7: Jeff Tang, Joe Seto, Elke Rank, Tami Church

Valley Water: Doug Titus, Brian Mendenhall, Katie Muller

SFJPA: Tess Byler

Jennifer Krebs

Mike Carlson
