

April 8, 2024
Monthly Members Meeting
1:30 to 3:00 pm

Attending:

Carlos Diaz, Sonoma, SW
Parastou Hooshialsadat, SW
Mark Boucher, CCC
Claudia Gemberling, CCC
Gus Amirzheni, CCC
Tim Jensen, CCC
Elke Rank, Zone 7
James Carney, Zone 7
Edward Reyes, Zone 7
Michael Miller, Zone 7
Katie Muller, VW
Sepi Bahrami, VW
Antonella Gentile, Santa Cruz Zone 7
Len Materman, San Mateo One Shoreline
Judd Goodman, Marin
Chelsea Thompson, Petaluma
Jennifer Krebs

1. Introductions
2. Trapbag Presentation - Everett "Buzz" Waid, Nick Fasano, & Dan Kim. Trapbag was brought to market over a decade ago. Lots of widespread applications across the country. Bags can be filled by sand, gravel, crushed concrete. Some have been in use for ten years. The bags are permeable - visquene on the outside, permeable on the inside. A few jobs in CA - Malibu and other places. Bags don't need to be secured to the ground. The weight holds them in place. Endpoint - ends are not water tight; try to end upslope to minimize its falling down. INCLUDE LINKS TO HOW TO REACH TRAPBAG.
3. BAFPAA Spring 2024 Conference. Conference to take place on 4/30 at Zone 7, Livermore. 30 people have registered so far. Carlos is going to send a specific invitation to regulators. At the end of the week, Jennifer will send out a tickler (to all) and give them a "register by" date.
4. Environmental Permitting Committee met on 3-20-2024
 - a. WOTUS Update – Kurt will report at the next meeting
 - b. Sediment removal project permitting –
 - i. RWQCB seeking significant mitigation and/or studies for sediment removal projects

- ii. In a current permitting example, the proposed mitigation includes significant studies, opps and constraints analysis, proposed channel modifications, more
 - iii. Some SMP/RMPs allow for limited sediment removal; some allow for large areas and quantities. Why inconsistent?
 - iv. A questionnaire will be sent to all members seeking more information about your sediment removal process/needs/permitting.
- c. Next Environmental Permitting Committee meeting is May 15, 11:00 am
- 5. SFEP Conference postponed (till May). Tess is the BAFPAA rep for SFEP Implementation Committee
- 6. Restoration Authority - Paul Detjens is attending the RA meetings
- 7. AQPI - Permitting is proceeding on AQPI Radars
- 8. Treasurer's Report - VW and CCC doing docusign to transfer the account from CCC to VW.. New dues in June/July
- 9. Next BAFPAA Meeting 6-10-24 1:30
